GUILDLINE INSTRUMENTS ANNOUNCES

Double the Factory Warranty For the Metrology Standard Product Lines

Smiths Falls, Ontario – August, 2005. Guildline Instruments is pleased to announce effective immediately, that the Standard Warranty provided will now double from 1 year to 2 years on every new Standard Product sold from their Metrology Line of Precision Standards.

Mr. Ted Tromanhuaser, President of Guildline Instruments Limited stated “Guildline Instruments has been making some of the most stable and reliable standards since it’s incorporation over 48 years ago. In fact, we still see and calibrate standards that were produced back as early as the 1960’s in sound working condition. Based on our products outstanding history and reliability, newly implemented manufacturing procedures and our high quality components put into every Standard produced, I feel confident that Guildline products will provide our customers the extra peace of mind that comes when a Manufacturer stands firmly behind the equipment they produce. Our standards will provide customers working solutions well beyond the two year warranty.”

For further information please contact Guildline Instruments Limited. Within the United States, email: sales@guildlineUSA.com or phone (352) 589-4556; for inquiries outside the US, email: sales@guildline.ca or phone (613) 283-3000.
